Panelists: *Liane Schalatek (Heinrich Boll Stiftung)*, *Smita Nakhooda (Overseas Development Institute)*, *Asbjørn Torvanger (Center for International Climate and Environmental Research – Oslo)*.

Chair: *Jonathan Pickering*

## **Panel Sessions**

### **Financing Priorities/Allocation Patterns (chair: Stumhofer, discussant: Pal)**

1. Climate mitigation finance at Asian Development Bank: institutional architecture, financing modalities, and allocation priorities  
*Laurence Delina (University of New South Wales)*
2. Helping the vulnerable? Explaining the allocation of aid for climate change adaptation across the developing world  
*Carola Betzold (University of Gothenburg)*
3. Developed countries' perspectives on private adaptation finance  
*Pieter Pauw (German Development Institute & Vrije Universiteit Amsterdam)*

### **Financing Modalities (chair: Feist, discussant: Hall)**

4. Approaches to financing of energy efficient technologies in industries: experiences from India  
*Prosanto Pal\* (The Energy and Resources Institute (TERI))*  
*Girish Sethi (The Energy and Resources Institute (TERI))*
5. No Debt-for-Climate? What a left-behind alternative source of finance can teach us about the evolution of the climate finance discourse  
*Tim Stumhofer (Robert Bosch Foundation)*
6. Linking private surplus to multilateral needs: De-risking of private climate finance for developing countries  
*Asbjørn Torvanger (Cicero)*
7. The Landscape of Climate Finance in Indonesia  
*Syaifulloh Syaifullah (Indonesian Ministry of Finance)*

### **Interactions between Different Levels of Governance (discussant: Pauw; chair: Persson)**

8. The impact of finance ministries on the climate finance negotiations  
*Jakob Skovgaard (Lund University)*
9. Institutional Interplay and Dysfunctional Delegation: How states' climate financing commitments have been lost in the development regime  
*Nina Hall\* (Hertie School of Governance)*  
*Kate Weaver (University of Texas, Austin)*

10. Aid in ‘disguise’? The contested politics of international climate change finance in Australia

*Jonathan Pickering\** (University of Canberra, Australia)

*Paul Mitchell* (RMIT University, Australia)

**Experiences from Different Institutions/Regimes (discussant: Skovgaard; chair: Betzold)**

11. Comparing finance under chemicals, ozone and climate regimes: constructing the case for financial support within and between regimes

*Åsa Persson\** (Stockholm Environment Institute)

*Linn Persson* (Stockholm Environment Institute)

*Richard Klein* (Stockholm Environment Institute)

12. Principles or Principals? Norms, Power, and International Institutions in Financing Global Public Goods

*Christopher Marcoux\** (DePauw University)

*Michael J. Tierney\** (College of William & Mary)

13. The Green Climate Fund: Learning in post-agreement negotiation

*Marian Feist* (London School of Economics and Political Science)

\*Presenting author
